Dita
Medium Night Chest
Product by Ligne Roset

Although it might be evocative of certain metal modular systems from the office world, Dita clearly distances itself from these in a number of ways: its lacquered panels are in wood panels rather than sheet metal; its discreet profiles with a sophisticated finish are perfectly placed, cast and not part of the structure; a matching handle which is light and beautifully designed; and its small, slim feet which continue the line of the structure in a very natural way.
