

Dita

Sideboard

Product by Ligne Roset

Although it might be evocative of certain metal modular systems from the office world, Dita séjour clearly distances itself from these in a number of ways: its lacquered panels are in wood rather than sheet metal; its discreet profiled uprights with their sophisticated finish are perfectly placed, cast and not part of the structure; a matching handle which is light and beautifully designed; and its small, slim feet which continue the line of the structure in a very natural way.
