

Prado

Sectional

Product by Ligne Roset

Typically the design process surrounding a new sofa is heavily focused on aesthetic research. Prado represents a departure from this school of thought completely. Prado has first and foremost been designed based on the study of lifestyles and human nature. Prado consists of a vast seat (sizes: 100 x 200 cm and 120 x 240 cm) which may be used either independently or with other elements, on which back cushions may be scattered at will. There is total freedom since these cushions, which are weighted and equipped with an anti-slip system, will remain in place without needing to be leaned against or attached to anything. They could, therefore, be arranged on the floor for a few leisurely moments around a low table, whilst the seat could do duty as an occasional bed simply by turning over its seat cushion, the reverse of which is covered with mattress ticking.

Designed by Christian Werner

Finishes:

Various fabric & leather options available; Base in epoxy matt black lacquer or chromed steel

Dimensions:

**Sofa**
