

Saparella

Ottoman

Product by Ligne Roset

A re-release of a pioneering model from 1965, Saparella consists of a fireside chair, a diablo, and an ottoman. This modular seating collection's compositions can be modified as desired, on a terrace or in a garden. This design, with its rounded, airy lines, is an invitation to relax and to make the most of a beautiful day. The diablo, the central element, draws inspiration from the toy of the same name. Its concave outline enables elements to be slotted together—into the convex fireside chair—to create a comfortable three-seat settee. The settee is made from two fireside chairs with a diablo in the center. The three elements are held together by linking-piece made from mirror-polished stainless steel. Available for outdoors and indoors.
