

Serpentine

Sofa

Product by Ligne Roset

First produced in 2012 with a steel structure, the model Serpentine is being relaunched in 2018 with 2 major innovations: the structure is now in aluminum, a light, easy-to-move material which is impervious to poor weather; the armchair-bridge is complemented with a settee. The settee and armchair/bridge combine to create an attractive outdoor seating set ideal for the garden or patio, whilst the armchair/bridge offers a refined, comfortable seating solution when placed around an outdoor dining table.

Designed by Eléonore Nalet
